Characteristic of the product

It is naturally derived ingredient, made without using of preservatives, colorings and flavorings. The smell is soft, so it is good for blending as well. Also, the powder doesn't include caffeine. In the result of joint research, different active ingredients, foremost Q3MG, were discovered in mulberry leaves. The product could be used as ingredient in health food or wide range of other food as well. (As ingredient for dough or topping of the cream etc.)
