Characteristic of the product

The product has a soft smell, so it is good for blending. It is a naturally derived ingredient, made without the use of preservatives, colorings, flavorings or dextrin. Also, the product does not include caffeine. This powdered product contains water-soluble components, which are good for digestion. An organic JAS certificated product.

Notice

1. Since it is an agricultural product, the color may vary depending on the harvest timing or for other reasons.
2. In terms of handling the product, we recommend using special protective devices (protective goggles, sterile gloves, etc.)
